Excellent - thank you

The workshop was very informative.

Very helpful and useful tools to help at home - thank you.

Great idea to involve the parents. I think it engaged us in the topic of the conversation.

Informative and enjoyable, particularly the variety of learning methods.

Excellent session, I really enjoyed it and will put into practice with my son at home.

The suggestions of activities to use at home are very useful. The overview from Year 1 to Year 6 is great to have in one place.

Really enjoyed the information provided - I would like regular updates if possible.

Mrs. Tasker explained everything very clearly and also made the workshop fun. Thank you.

Well explained, great ideas.

This was a really useful session. Great to see how the use of language builds each year.

What would you like workshops/information on in the future?

Maths

About comprehension, reading

Mathematics and Sciences

Maths/Number

Maths x3

Maths would be useful.

What do you think we could do to increase the number of parents who attend workshops?

Nothing - good time for workshop for parents who work.

Announce about the time earlier and hold it at a different time.

A summary of the session and feedback on the website would be good to spread the word.

Allowing my child to come and wait in another room enabled me to come.

Maybe have them earlier in the evening.

Put the feedback on the website.

Provide more information on the benefits

Get children to encourage parents?

Thank you for participating in this workshop and for completing this form.
